

Drink

'Wine is sunlight, held together by water.'

'Drink and make merry...' so the saying goes and here at the Cuillin Hills we firmly believe and subscribe to it. The cellar at the hotel is groaning with the weight of fine wines from across the globe. Old World and New World merge in a gathering of vintages that will be able to please and sate all palates. Some of our wines are like old friends - familiar and reliable, whilst others are friends that you've just yet to meet. Our wine list is an open book to choose from, to delight your family and friends as well as compliment your chosen menu. If you need guidance we are always on hand to help.

But the pleasure doesn't end there. The Cuillin Hills is justly proud of its fine collection of single malt whiskies, all chosen in conjunction with the world-renowned firm of Gordon & MacPhail of Elgin. Their help and expertise has allowed us to present a well-balanced journey through the precious amber of Scottish whisky. They are perfect at anytime and superb as an after dinner relaxant. But if whisky isn't your tippie of choice then we can always entice you with a selection of liqueurs, LBV ports and fine cognacs. The pleasure of the choice is all yours.
